NSS North Houston Space Society President and Founder. Nathan works for a software company but has a lifelong passion for space exploration. He has attended space conferences including the International Astronautical Congress (IAC), New Worlds Conference (in Austin, TX), and International Space Development Conference (ISDC). He has experienced weightlessness on a ZERO-G flight. He is a NSS Space Ambassador and a Space Hero Insider. Currently his doing a project to interview a person a day till the end of 2024 to find out what people things about our return to the moon. He dreams of the day that humanity branches out into the stars.

NASA will be putting
people on the moon in
2024.

Melissa Wagner knows how to "propel" us forward! She coordinated @NASASTennis's propellant needs so that the Center had enough for the arrival of the @NASA_SLS rocket for Green Run testing and for other needs of the #Artemis program. She's our HEO HErO, day 1691!

What do
people know
and think
about it?

Nathan Price in his home office Monday, Dec. 14, 2020 in Spring, Texas. He has interviewed someone every single day for the past year about their thoughts on NASA's return to the moon for his "Countdown to the Moon" project. Since the pandemic hit, he has conducted most of the interviews via online Zoom meetings.
